Charitable Event Policy: As part of its commitment to supporting the local community, Sage will sponsor several charitable events each year. Sage will charge charitable event attendees the current workshop admission fee to be used to cover the venue and caller costs. The Board will inform the membership at least 1 month prior to the event of the selected charity. Sage will ask event attendees to make a separate donation to the selected charity of the Club's choice if they so desire. At the discretion of the club treasurer, the amount remaining after the venue, and caller costs have been deducted from the admission fee will be added to the collected donations and sent to the charity in a timely manner.
